GOSSIP OF THE RACETRACK.

BRIGHTON DERBY OF \$15,000 TO BE RUN ON SATURDAY.

Other Interesting Stakes Carded for the Last Week at the Beach-Weights for the Saratega Handicap-Much Expected From Mohawk II. - To-day's Card.

Brighton's most successful meeting in the history of the popular track by the sea will end next Saturday, after which the scene will shift to Saratoga for three weeks. On Saturday the \$15,000 Brighton Derby, one mile and a half, will be run as a feature and the best three-year-eids, with one or two exceptions, will go to the post. James B. Brady's Accountant has been especially groomed for this event and he will probably rule a favorite. In all probability he will meet John E. Madden's The Quall, always dangerous in long distance races; James R. Keene's Kuroki and Bohemian, both disappointments so far; August Belmont's Don Diego and Bridgeman, R. T. Wilson, Jr.'s, Lord of the Forest, Fred Burlew's Belmere and Bamson, P. J. Dwyer's Albert F. and Quorum, H. B. Duryea's McKittredge and H. P. Whitney's Pegasus. In addition to the Derby another attraction for Saturday H. P. Whitney's Pegasus. In addition to the Derby another attraction for Saturday is the Winged Foot Handleap, for two-year-olds, six furlengs. T. Hitchcook, Jr.'s, Salvidere, one of the best youngsters in training, will probably start in this event, meeting such eligibles, ne doubt, as Red River, Oran, McCarter, Saracinesca, Philan-

der, Greens Green, The Wrestler, Waterbury, Ethon, Okenite, Don Enrique and others. On Thursday the rich Invincible Handicap, 37,500 added, one mile and a quarter, will be run, with a field made up of such horses as Tokalon, Glorifier, Bad News, Dandellon, Proper, Dainty, Von Tromp, Cairngorm, Inquisitor, Dolly Spanker and, last but not least, Ram's Horn, the winner of the \$25,000 Brighton Handicap. Wednesnay's feature is the Sunshine Stakes, for two-year-olds, five and a haif furiongs, while to-morrow the Naufilus Stakes, for three-year-olds and upward, one mile and a sixteenth, will be decided.

W. S. Vosburgh has announced the weights for the Baratoga Handicap, one mile and a quarter, to be run at the Spa next Monday. Mr. Voeburgh makes James B. Brady's Oiseau, who has not been to the races since he won the Second Special at Gravesend last fall, top weight. But the Ornus four-year-old will hardly start before the autumn meeting at the Bay, or perhaps just before the session at the Springs comes to an end. Horsemen who have visited Saratoga within the last week say that the town is waking up and that a brilliant session can be looked for. Canfield's will be open in full blast, while other places of less notoriety will be running, too. Many horses have been working over the track at the Spa. Jehn Sanford's Mohawk II., by Rockton, has been attracting a great deal of attention incidentally. This colt was regarded as champion at the Springs last August and would probably have been a warm favorite for the Futurity if he had not gone elighity lame. He was promptly thrown out of training, rather than take further chances with him. Mohawk II., according to those who have seen him recently, has developed into a superb three-year-old. He is eligible for the Saratoga Handigap for which he has ceived 108 pounds; also for the \$7,500 Travers Stakes, the Great Republic Stakes and the

Saratoga Derby.
Salvidere, winner of the Montauk and Brighton Junior stakes, last week, is now rated close to the top of the two-year-old class. He will start in the Saratoga Specia; in T. Hitchcock, Jr. 's, colors, and will probably cluding Water Pearl, Gretna Green, Grimaldi, Ballot, Bat Masterson, McCarter, De Mund and others. He is not eligible for the Futurity The Coney Island Jockey Club by the way, has just announced the Futurity eligibles, of whom the probable starters from present indications, are Ballot, Berwick, Conville, De Mund, Electioneer, Fantastic, Golf Ball, Don Enrique, Grimaldi, Horace E., Jack Atkin, Kentucky Beau, McCarter, Misgivings, Okenite, Old Honesty Oran, Peter Pan, Pope Joan, Smiling Tom The Mikado, Water Pearl and others. Old Honesty, a bay colt by Previous, who has just been shipped from Lexington to Sara-toga, is considered a possible winner of the big race at the Bay. This colt has won his last three races in such fashion as to attract widespread attention.

In view of the success scored by A. B.

Dade with the flat footed start, it is a matter of conjecture whether Mars Cassidy will be compelled to adopt precisely the same method when he resumes work at Saratoga. Dade has been lining the horses up within a few inches of the barrier before sending them away, while Cassidy has always walked the horses up to the gate for a temporary stop before pressing the button. As Dad has demonstrated the wisdom of the Jockey Club's policy as to the standing start beyon a shadow of doubt, it is probable that Cassidy will be requested to start the horses withou further preliminary walkups, which seem entirely unnecessary under the existing cir-cumstances. Dade has made a propounced hit with the public and the turf governors He will be seen here again at the Brighton fall meeting, and perhaps next year he will play an even larger engagement.

The attraction at the Beach to-day is the Glen Cove Handicap, for three-year-olds, six furlongs, with King's Daughter giving weight furiongs, with King's Daughter giving weight to Inquisitor, Tiptoe, Belle of Pequest and Consistent. Three-year-old fillies will run in the first race, also at six furlongs, with Tangle, Pythia, Watergrass, Mollie Dona-Bound Brook is heavily burdened in the steeple Bound Brook is heavily burdened in the steeple-chase, with Flying Virginian, Tom Cogan and Patagonian to beat. Two-year-olds will run in the third race, at five and a half furlongs, with Fountain Blue, Yowric, Orphan Lad, Loring, Fantastic and Belle of Iroquois figur-ing well. In a handicap at one mile and a quarter Angier, Coy Maid and Agile should fight it out at the end. Maiden two-year-old fillies and geldings will run in the last race, at five and a half furlongs, with Revenue, Suada, Seprano and Citrona worth supporters. The

COMPETITIONS SLATED FOR EACH

MAINTENON WINS GALLOPING. W. K. Vanderbilt's Horse Takes the Prix

Bredal Catte Despatch to THE SUN.

PARES, July 29.—W. E. Vanderbilt's Maintenon to-day won the race for the Prix du Monarque, at 2,000 metres. He gave from ten to fourteen pounds to all his competitors, but won easily by a length and a half in 2005. Gouglou was second and Querido third. Narvaoz got away next the rail, but Maintenon soon took the lead. At 1,000 metres every whip was raised behind him, but nobody could overhead him, and he crossed the line galloping easily. A fashionable and enthusiastic crewd witnessed the race.

JOCKEY CLUB'S STALLIONS.

Breeding Bureau Has Thirty Sires for Stud Duty Up the State.

The breeding bureau formed by the Jockey Club some time ago to further the breeding interests among the farmers up the State has made rapid progress. H. K. Knapp, Clarence H. Mackay, H. P. Advance Guard, by Great Tom—Nellie Van, is another stallion that will soon receive an assignment. The Jockey Club intends to continue the industry indefinitely and there is much enthusiasm up the State as a result of the policy.

LONG BRANCH CHAMPIONS. Mrs. Gerken and A. G. Vanderbilt Divide Henors at the Horse Show.

LONG BRANCH, N. J., July 29 .- In the judging of the five championship classes by electric light at the horse show grounds last night, which marked the climax of the thirteenth annual show, honors were equally divided between Mrs. John Gerken of Gravesend, L. I., and Alfrad Gwynna Vandarbitt of and Alfred Gwynne Vanderbilt of Newport,
R. I., the two largest winners of the show,
although Mr. Vanderbilt during the evening
took one more ribbon than Mrs. Gerken,

getting three to her two. The other ribbon, in the single horse class, went to J. W. Harriman's Chieftain.

Mr. Vanderbilt won the first two classes judged, the first with Polly Prim and The Youngster in the harness horse class for pairs, Lehman Strauss getting second prize with Delight and Delightful, and the second in class 5 for pairs with Gibson Boy and Full Dress, John Doyle getting the red with Banker and Broker, and Lehman Strauss third with Battle Axe and Tomahawk. Mr. Vanderbilt's last win was made with Rustling Silk and Full Dress in the championship class for pairs not exceeding 15.1, Lehman Strauss again getting reserve with Frolette and Babette.

Mrs. Gerken had a walkover with Shop Girl and Newsboy in the championship prize for pairs for horses not exceeding 15.1 hands. She also won the single class championship with Newsboy, defeating Miss Gibert's Baron. Mrs. Gerken leads the list of exhibitors in ribbons, although Mr. Vanderbilt won the largest amount of money. The following is a summary of the blue ribbon winners:

Mrs. John Gerken, ten blues, six reds, \$716; A. G. Vanderbilt, eight blues and four reds, \$875; J. W. Scotland Defeats Ireland in International

Athlette Match. Scotland and Ireland had their international athletic match recently at Bel-fast and the Scots won by a score of seven fast and the Scots won by a score of seven events to four. The programme consisted of eleven events and there were several interesting tussles. In the mile run G. N. Murphy of Dublin University won by a few inchesfrom Johnnie McGough, the Scotch champion. Lieut. Halswell the English champion is a Scotchman. He won the 220 and quarter, and in the latter made a new Irish record of 50 1-5 seconds. In the four miles Lieut. Hawtrey, who happens to be an Irishman, and who won the five miles at the Olympio games at Athens, was beaten by R. Stevenson of Scotland in 20 minutes 38 seconds. Peter O'Connor won the broad jump, with 22 feet 7% inches, and con Leahy the high jump, with a leep of e feet. Stark ef Scotland won the 100 yard in a "yard worse than even time."

MANY HAPPRNINGS IN GOLF

Professionals at Van Cortlandt Park and Amateurs at Shinnecock Hills-Deal, Ekwanok, Watch Hills and Stockbridge

WEEK IN AUGUST.

Next in Line-A French at Goff.

Professionals will open the competitive golf

amateurs will follow with a tournament at Shinnecock Hills on Thursday, Friday and Saturday. There are over fifty professionals to play, and the tournament should get the local experts in trim for the M. G. A. open championship at Hollywood, August 9, 10 and 11. Entries for this title, by the way, close to-day at noon with Leighton Calkins, the secretary, 25 Bond street. A dozen of the out of town pros will be in the field to-morrow at Van Cortlandt, among them Donald Ball of the Philadelphia Country Club, Thomas Hucknall of the Maryland Country Club, Henry Waters of Washington and James Norton of Narragansett Pier. The winner will receive \$150 and the O'Connell medal. There will be \$400 more in minor prizes. Park Commissioner Waldrath of The Bronx has consented to drive the first ball to-morrow morning to open the tournament. There will be a dinner on Wednesday evening, at which the prizes will be presented to the winners by

William H. Beers, chairman of the committee. Isaac Mackie of Fox Hills won the first prize at the Van Cortlandt tournament last year. Aleck Smith, holder of the open cham-pionships of the U. S. G. A., Western G. A. and M. G. A., and Bernard Nicholls returned from their trip to Rochester yesterday. Nicholls beat Smith both at the Oak Hills and Genesee links, making the new records for the two of 72 and 72. Smith's cards were 79 and 73. The final round for the July class A cup of the New York Golf Club had its decision J. M. Strafford beating Charles Marshall by 3 up and i to play, and some of the pro-fessionals were on the course for practice matches. There will be a great muster of them for preliminary rounds to-day.

Good golf in a nutshell is the motto at the Shinnecock Hills Golf Club, and the tourna-ment, although there will be fifty or sixty ment, atthough there will be hely or saty starters, will begin with an eighteen hole medal yound on Thursday morning, four eights beginning for the president's and minor cups in the afternoon. Semi-final and final rounds will be on Friday, leaving Saturday clear for a thirty-six hole handicap. The tournament is one of the oldest in the M. G. A., and has been held without a gar

The Vermont State champlenship, nov held by A. L. White of Boston, will be played this week at the Ekwanok Country Club Manchester. Teams of four will also play in the qualifying round for the Gov. Mc-Cullough cup, presented for annual com-petition at the tournament by the Mount Golf Club of Bennington. annual midsummer open tournament of the Ekwanok Country Club will be on August 15, 18, 17 and 18, the same dates as the annual tournament of the Deal Golf Club. The game is brisk this season at all the links along the New Jersey shore, and the conflict with the mountain course will not affect the num-ber of entries at Deal. Last year there were

Golfers who are planning an August trip may go from Shinnecock Hills to either the Deal or Ekwanok tournaments, then to Watch Hills for five days of competitive play, beginning on August 21, and close the round with a jaunt to the Berkshires for the annual open tournament of the Stockbridge Golf Club, August 28, 29, 30 and 31. It will be the second tournament at Watch Hills, and as there is no conflict this time with Deal or Ekwanok a large entry is expected. This is the summer course of Eben M. Byers, the amateur champion; F. Oden Horstman, Robert Abbott, the intercollegiate champion: F. H. Thomas and J. F. Byers, and with thirty or forty outsiders the tournament should take rank this year with the best of the season. The tournament will be over the 6,000 yard course of the Misquamiout Golf Club, nine holes of which overlook the Atlantic, while the remaining nine are on old pastures

The Stockbridge tournament will begin on Tuesday, August 28, and the final cup rounds will be on Friday, a thirty-six hole hand cap being the Thursday event. The qualifying play is at eighteen holes for a low score prize, the first sixteen beginning for the Stockbridge cup and a runner up for the Stockbridge cup and a runner up prize in the afternoon. Those who fail to qualify start in for the governors' cup. A consolation cup for the beaten eight in the Stockbridge will begin Wednesday morning. The entries close on August 29 with Robert C. Stetson, secretary of the Stockbridge Golf Club.

Edward P. Martin of the Tweedie memorial fund writes that entries at \$1 for the handicap cup presented by Phelps B. Hoyt are still coming in from solfers in all parts of the country to Chicago. The entrance fees will form a benefit fund for the widow and children and it is expected that \$2,000 or \$2,500 will be raised.

There will be an open tournament at the Town and Gown Golf Club, Colorado Springs, September 25, 26, 27 and 28 in connection with the Pike Centennial. The course is of 6,210 yards and laid out on the rolling prairie. The drive over Shook's Run on the eighteenth hole is said by Harry Vardon to be the sportlest hazard he has ever played. The qualifying round will be at thirty-six holes, six sixteens to qualify, and there will be cups for the six beaten eights. Besides the Pike Centennial, Blasted Hopes and Colorado cups, the trophies are the Manitou, Apache, Creeke, Navajo, Cherokee, Ute, Uintah, Arapahoe and the Pawnee, a call sufficient to make many Eastern golfers get on their war paint. Thomas P. Mumford of Colorado Springs is chairman of the golf committee.

SEVEN NATIONS IN LONG SWIM. IDA HIGHWOOD A WINNER. Jarvis of England Victorious in Great

French Bace for Amateurs. Special Cable Despatch to THE SUM. Paris, July 20.—Paris had an excellent swimming race to-day, when the leader of eighteen amateurs, representing seven na-tions, beat the time made by professionals in a race over the same course three weeks ago. In that race the competitors started at intervals. To-day all plunged into the water simultaneously at a pistol shot signal from a pontoon anchored under the Pont National and started for the finishing mark at the

Auteuil viaduct. The splashing caused by the eighteen plunges screened the swimmers for a few moments. Then Jarvis of England was seen to have detached himself from his competitors and soon was leading by nearly 100 yards. The same clearing atmosphere showed Baroness de Isacescu of Austria last, though she had been heralded as the great long distance wimmer of the Danube.

Bands in boats accompanying the swimmers

swimmer of the Danube.

Bands in boats accompanying the swimmers played the liveliest airs, and crowds along the quays and on all the bridges made the contest interesting and more exciting. At the Pont Royal Jarvis was still in the lead, Ooms of Holland, second, eight others following close up, with the rest hopelessiy strung out. Amatori, an Italian, who at the Pont Royal was tied with Rossi, another Italian, for third place, had cramps and fell out 100 metres from the finish, and Maas, a Belgian, finished third to Jarvis and Ooms, Rossi following. Altiero and Cattaneo, Italians, were fifth and sixth Dubois, a Frenchman, was beaten for seventh place by Meyer, a Hollander. Thuriet, a Frenchman, was ninth and Mile. Marthe Robert, tenth.

Jarvis's swimming was a Joy to see. He lay on his side and easily stroked, apparently lightly, but rhythmically as a marine engine, bringing only one arm partly out of the water in an overhand stroke. Ooms used an overhand stroke with his hands alternately out of the water. Maas swam like Jarvis. Most of the others used the full breast stroke, as did the tenth finisher. Mile. Robert. The course was 11,620 metres long. Jarvis's time was 2 hours 42 minutes. He beat the record of Bougein, a professional, by 23 minutes. The band at the finish played the British national anthem. There was great applause from the spectators, who also gave an ovation to Mile. Robert, whose time, 3 hours 20 minutes, beat Miss Kellerman's, a hours 20 minut

Greer May Start in the National Champion. ships-Blackstaffe Wins Wingfield Sculls.

It was reported on Scullers' row yesterday that very likely Frank Greer, now of the Boston A. A., would be allowed to row in the Boston A. A., would be allowed to row in the championships singles at the National Championships at Worcester. About six weeks ago Greer changed his colors, going from the East Boston A. A. to the Boston A. A., and this violated the ninety day clause of the regatta rules, which stipulates that a man must be a member of a club for that term before he can row in the national meet. From what could be gathered of the case it is evident that the Boston people will leave no stone unturned to try and have Greer compete. James Pilkington, president of the N. A. A. A., was approached on the matter, and he explained that he had no voice one way or the other. that the case was solely at the disposal of the national regatta committee. They have the power to allow Greer to compete or to premanship closely identified with rowing are

power to allow Greer to compete or to prevent him. Those with the real spirit of sportsmanship closely identified with rowing are of the opinion that Greer should be allowed to start and that it would be a pity that the Boston souller should be prevented from defending his title by a mere technicality. The theory is advanced that he infringed no vital law of the constitution, and therefore should not be subjected to any discipline. Greer has not represented the East Boston A. A. since last year, and as he is no pothunter and does not jump from one club to another his offence is considered trivial and should not militate against him. Should the regatta committee allow Greer to start his opponents in the race will be canvassed, and if only one object the single objection would debar him. Such men as Wood or Shephrard may not object, but there may be one who will and upset the whole arrangement.

The splendid race put up by the senior four of the Harlem Rowing Glub in the gig event at the Hudson River reratta on Saturday has put their crew in the front rank among the oarsmen, and the quartet. Fuessel, Ryan, O'Brien and Schultz, intend to keep to gether and try for the honors in that line. Fuessel and Ryan are going to the nationals at Worcester for the association and intermediate, respectively, but as soon as they return will resume work in the four. They intend to try for the senior event in the regatta of the New York Bay Association on August 25, and for the Middle States at Baltimore on Labor Day.

The New York A. C. senior pair, Durant and Tracy, are going for the event on Lake Quinsigamond, and with the highest hopes of victory. They work daily on the creek at Travers Island and, as the saying goes, "row like one man." The fact that Farnon and Ryan are entered is not giving the winged foots the least concern, and they will, it is understood, be sorely disappointed if the banner does not adorn the wall of the N. Y. A. C. after August 11. In Stewart and Quinn Count Granivini has a smashing pair, and whatever

CRICKET.

Paterson Wins Again in Metropolitan League Series-A Tie Gamerat Newark. A large schedule of games was brought to a successful termination at the various cricket creases on Saturday and not a single drawn game was witnessed. The unusual ending of a tie game was seen at Newark, this being the second time this season it has occurred. The parade grounds at Prospect Park was again the centre of interest, five games being played on the grounds there. The Paterson eleven kept up its unbroken list of victories in the championship series of the Metropolitan League by taking the Kings County eleven championship series of the Metropolitan League by taking the Kings County eleven into camp. This was accomplished mainly owing to the hitting powers of T. Young, who amassed 43 before being got rid of. F. G. Warburton, while keeping wickets for the visitors, was hit on the head by a ball and an ambulance surgeon had to be called to attend to his injuries. He, however, pluckly resumed playing after a time with his head awathed in bandages. The totals: Kings County, 67: Paterson, 153 for 9 wickets.

The league game between Team B of the Brooklyns and Manhattan resulted in a victory for Brooklyn by a margin of 65 runs. Lovell played in excellent style for 39. W. B. Seale and G. Fitz Gibbon each scored 20. Challenger hit up 14 and A. Corbin and O. Smith got 13 and 12 respectively. The bowling of H. Allen played a considerable part in the victory, he capturing six wickets for 37 runs. The totals: Manhattan, 77: Brooklyn B, 142.

A tie game was the outcome of the meeting between Newark and Essex County at Newark, each sideg ettinge xactly 62. For Essex County H. Wildsmith did the best batting in an innings of 15 and D. Piggins was the next highest with 7. R. E. Torrence batted exceptionally well for Newark and scored 24.

MAMIE WINS SERIES PRIZE. J. W. H. Bergen's Dory Wins Final Race of

Crescent A. C. The last race of the series of the Crescent Athletic Club dories resulted in another victory for the Mamie, owned by J. W. H. Bergen, and that boat out of the ten races has won five, which gives her the series prize. The other races were won by A. G. Hanan's Zip, J. S. Campbell's Spray, G. W. Smith's

Zip, J. S. Campbell's Spray, G. W. Smith's Sport, P. H. Langden's New Moon and G. E. Hill's Scat.

The last race was a peculiar one. The heavy squall that broke on the lower bay about noon caused a postponement, and when the boats started the wind was from the south southeast. The first leg was to Clifton crossing a flood tide, and the Mamie led across the line followed by the Spray and New Moon. The wind headed the boats off so that they had to tack to fetch the mark and the Spray and New Moon were badly left. The Mamie reached to the bell buoy and then fetched the finish mark with two short hitches. The New Moon withdrew at the first mark, but the Spray kept on and finished. The summary:

NATHAN STRAUS BACK TO THE SPEEDWAY SPORT.

Celebrates His Return by Briving Crack Tretter to Victory Over Alice Carr
-Close Shave in First Brush-Virginia Beats Tar Tartar in Lively Tilt. After an absence of two weeks Nathan straus put in an appearance on the drive

again yesterday morning, driving his cham-pion Speedway trotter Ida Highwood, 2:09%. There was general rejoicing among the spec-tators, for the little daughter of Highwood, 2:21%, has been the most prominent factor in the sport since her owner returned from the Holy Land. Fortunately the rain held off until the crowd had seen a good programme A. E. Perren, driving the black mare Alice

Carr, 2:09%, was the only one present with speed enough to have any chance of winning against the champion of Mr. Straus's stable. The first brush was so close as to raise a doubt in the minds of many spectators whether Ida Highwood really finished in front. Her early Speedway education taught her to make a supreme effort in the rush at the finish and Mr. Straus has rather enjoyed indulging her in this habit. He has frequently remarked that some time he would wait too long, and it is an open question if this was not the case yesterday. Mr. Perren conceded defeat and but finished in front by nearly a length. Henry Phillips and his bay trotter James Shevlin, 2:13%, headed the list of winners. The bay trotter Ravenwood was the first to finish behind the Baron Wilkes trotter in a good race, only a scant length separating the two at the flaish. W. J. Kinney sent Bonnie

Betsy, 2:20%, to make the next brush three cornered, and she finished third, although all were well bunched. Then James Shevlin all were well bunched. Then James Shevilin beat Ravenwood again.

J. G. Lawrence had the pacer Reuben S., 2:09½, in form and he made every stars a winning performance. Christopher Hackett with the roan pacer Blue Jay, 2:23½, tried to take the measure of Reuben S. but he was shy on speed. S. T. De Lee, driving the chestnut pacer Leo T., 2:10%, was the next

shy on speed. S. T. De Lee, driving the chestnut pacer Leo T., 2:10%, was the next to tackle Mr. Lawrence and his New Jersey champion. He, too, found he had undertiken a contract that called for more speed than he could command.

The persistent rivals, Grorge Huber, driving the pacer Harry Van, 2:2%, and Christopher Hackett with Blue 3:2.32%, had a renewal of hostilities. It was nip and tuck from start to finish, but Mr. Huber managed to land Harry Van in front in two heats.

Walter Klipatrick, driving the chestnut pacer Virginia, 2:09%, and Randolph Baird with the bay pacer Tar Tartar, 2:13%, had a lively tilt that gave the crowd one of the best brushes of the morning. Virginia got away with all sails set and although she fails a close call when she met the black pacer Morley King, 2:13%, driven by Thomas Lawson. There was never a time when either horse was clear of the other, and Virginia had only her head and shoulders in front at the finish. This just seemed to thaw out Morley King noint Mr. Lawson made bold to challenge Charles Weiland, driving the pacer Sir Albert S. 2:03%. The former champion of C. K. G. Billings's stable has been indulged all the sease? and Mr. Weiland declined to start except in a working brush to please the crowd. It proved a nice exhibition of speed and showed Morley King to the best advantage.

After being beaten by Virginia, Tar Tartar was not so fortunate. This time he met I. N. Thompson's chestnut trotter, Red Mike and a hurrah beat was the result. N. Y. A. C. BUILDING PROJECT. President Van Wormer's Reason for Ob-

jecting to Travers Island House. A special meeting of the New York A. C. board of governors was called at the club-house on Thursday night by President John R. Van Wormer for the purpose of laying before them the action taken by the meeting last Monday when it was decided to build Out of the twenty-one members of the board sixteen were in attendance. Among the absent ones were Secretary Charles L. Burnham, who is ill: Charles E. Goodhue, the treasurer, and Albert E. Colfax, the vice-

From the discussion it was evident that the governors intend to go ahead with the project, and an initial move was made in the before the August meeting of the board. These are Edgar P. Reynolds, R. H. Goffe Jr., and G. W. Kuhlke. It was expected that Mr. Van Wormer would hand in his resignation, but it is understood he will wait

resignation, but it is understood he will wait a little longer.

At the meeting last Monday, when the resolution to build the house was carried, Mr. Van Wormer stated to a reporter of THE Sun that he would resign, and the story when read by the members at large caused some omment. Many did not believe it, and for the last few days he was kept busy answering questions. Not a few were there who r? ied on the story as published and they felt uneasy over Mr. Van Wormer's prospective retirement. Several of the old time members called upon him and tried to advise him to change his mind, but in this respect he proved inflexible, his answer being that a resignation was the only road open to him, as he was opposed to the new house scheme. A big majority of the members did not attend the special meeting and they were

sorry when they understood the real state of the case. What misled a great many was that Mr. Van Wormer's name was signed to the circular which called the meeting and it was inferred that he approved of the new it the conservative element, which places confidence in him, thought it was all right. A little acquaintance with the club's con-stitution, however, would throw light on the matter, for any petition signed by fifty mempers calls for a special meeting, and the circular calling such meeting must be signed by the president whether he approves of the meeting or not. For the last few days numerous inquiries were afoot as to what element in the club was really anxious for the new house. The automobilists were blamed for the idea, but it was revealed that the Huckleberry Indians fathered the plan. Of late the tribe has been a strong power in club politics and monopolized Traverz Island and all around it. A few of the autosits, too, favored and voted with the Huckleberries.

Touching on some vitial points of the proposed new structure Mr. Van Wormer said: I will resign later because I do not intend to fill a vicarious position in the club. Neither am I an obstructionist, and if I could not work to carry out a project favored by the members I certainly would not stay in as president and work against it. My position is clear and has been pretty much so since I was first elected to the presidency. I worked for the club's interest. Of course, I made some enemies, as a man pursuing a straight course with his own plans before him must always expect. And I made some friends, too. A man might say, why don't you fight this thing in the board, but this is not a board matter, it is the ironbound wish of the club that the board must carry out. No man can sidetrack the mandate of a club meeting where the majority rules.

"The introduction of his scheme at a summer meeting is a direct departure from any policy of the last six years, and I do not propose to stand for it. At least, I was not totally opposed to a clubhouse at Travers Island, but I wanted to wait until we had got rid of those second mortgage bonds which mature in 1910, to the amount of about \$46,000. Most people lose sight of the fact that we are carrying a big debt and need to be careful. Our revenue from new membership is cut down in future, our resident list is full, we carry a waiting list and it is necessary to pay off about \$46,000 per year on those bonds to be in good shape at the expiration of four years.

"In connection lar calling such meeting must be signed by the president whether he approves of the meeting or not. For the last few days numer-
